

Resonate Arts are looking for Movement/Dance practitioners & artists

Are you interested in improvisation?

Do you have experience of working with older people?

Resonate Arts are currently looking for movement/dance practitioners & artists to facilitate new Creative Space weekly sessions for people living with dementia, their carers and family members. The sessions will take place on Monday afternoons at a community space in the Church Street area of Westminster.

Our Creative Spaces are emotionally, culturally and cognitively inclusive dementia friendly spaces where we aim to create the right conditions for improvisation to evolve. Rooted in dance & movement practices, yoga and theatre; our focus is on enabling a fun and relaxed space for play.

We are looking for people who can contribute to the co-creation of sessions alongside the Resonate Arts Team and participants, who are flexible in their approach, open to improvisation and aware that participation can take many forms. We seek people willing to include a variety of art forms to engage people with varied interests and who are open to reflecting and evaluating after each session, taking any learning forward. We would love to meet people who can work in the moment, leaning into the beautifully tangential lines of thought and narrative that individuals bring.

Length of contract: 16 sessions (Mondays) plus 3 whole days planning, evaluation and handover

Session length: 3 hrs total (Including set up, warm up, activities, tea & coffee, debrief)

Rate of pay: £150 per session (£30 per hour: 2hrs planning + 3hrs session) and £220 day rate

Requirements:

- experience of working with community groups
- DBS checked
- Public Liability insurance in place or willingness to arrange

Deadline: we are looking for someone to start as soon as possible but will also be seeking interested people to work over the coming years as this project has just received 3 yrs of funding.

We welcome and encourage applications from people who are under-represented in the creative industries.

If this sounds of interest, please get in touch!
