

## Resonate Now – February 2023

Hello everyone!

We hope you are keeping warm and well in the chilly (and often wet!) weather we've been having lately. As January draws to a close, we've been reflecting on the subject of love...

February is traditionally the time of year when people might choose to celebrate their personal relationships by marking the occasion on St Valentine's Day. Love, however, is not so simple to define, nor is it represented by a single day in the calendar. It's all encompassing, comes in many shapes and forms (familial, platonic, romantic, divine... to name just a few) and is the very essence of who we are.

We've been thinking about the importance of love and the positive benefits we enjoy from sharing kindness, compassion, love and understanding towards our fellow human beings.

Love is a dominant theme in the creative arts, inspiring and captivating artists, musicians, poets, playwrights, dancers and many others throughout history, including you! Huge thanks to our Creative Space participants for the artwork – Tony for his brilliant Pomegranate of Love (above) and Parviz, who was inspired to paint this beautiful heart (right) in response to hearing Euron play the piano at a recent art session. Why not join us at our next Creative Space? We'd love to see you! Details below.

There are lots more joyous activities happening in February, give us a call to find out more!
